Dear Mr. Helms: Dick

The inclosed study, "Assured Destruction Capabilities of the U.S. and U.S.S.R.," is forwarded for your information.

The study is one of a series being made by the Arms Control and Disarmament Agency to examine some effects of hypothetical limitations on strategic forces. It is intended as background information to improve commonality of understanding of assumptions, objectives and issues relevant to intra-governmental discussions of arms control.

The Arms Control and Disarmament Agency is engaged in a continuing effort to understand, through the study process, benefits and pitfalls that may result from the limitation of arms. In order that study quality and usefulness may be enhanced your comments on the inclosure would be appreciated.

Sincerely yours,

John J. Davis
